Unique Historic Estate with Panoramic Sea Views

Set in a peaceful hillside position above the coast, this historic former mill offers space, privacy and far-reaching views across the countryside towards the Mediterranean. The property retains a wealth of traditional Andalusian character while providing a flexible layout suited to family living, guest accommodation or a tourism-related project.

The estate occupies a plot of more than 3,000 m² and is arranged across several independent buildings, with approximately 855 m² of constructed space. At the upper level, the main residence features generous living areas, large windows and terraces that make the most of the sea views.
